

~~CONFIDENTIAL~~

24 March 1964

Mr. William C. Shelton, Chief
Division of Foreign Labor Conditions
Bureau of Labor Statistics
U. S. Department of Labor
Washington, D. C.

Dear Bill:

The Weaver-Bower correspondence of 2 October 1963 and 9 October 1963 discussed unit costs of NIS Manpower sections, past shortfalls, and the possibility of mutual staff study of appropriate content for the sections. Pursuant to this correspondence we developed on 21 January 1964 a working outline now in use, on a trial basis, in BLS.

The total commitment of 8 sections for 1964, exclusive of two FY63 holdovers, was not affected. According to your latest progress report, the same shortfall is foreseen for FY64.

Sincerely,

25X1A9a

Deputy Assistant Director
Basic Intelligence
